BEYOND DOMESTIC VIOLENCE

Holiday Gift PROGRAM

Escaping a domestic violence situation can put significant strain on a survivor's finances, especially if they're taking care of young children or other family members.

The Holiday Gift Program is designed to ease the financial burden of providing gifts for the holiday season while also ensuring basic needs are met.

100% of funds raised go directly to survivors, empowering them to be able to purchase their own gifts during the holiday season.

To give, please visit **reachma.org/donate** and choose the **Holiday Gift Program** in the *'Select or Search Funds'* dropdown.
